# ANNUAL REPORT TO THE COMMISSION ON ETHICS REGARDING FISCAL YEAR 2014

Nevada Administrative Code 281A.180(2), requires the Executive Director to report to the Commission annually regarding the fiscal, legislative, regulatory and other business undertaken by and on behalf of the Commission in the past fiscal year. The following pages summarize the Commission's primary activities and provide a brief glimpse to the agency's undertakings between July 1, 2013 and June 30, 2014. In many instances, this document contains historic data which may be helpful to evaluate trends and patterns; however, those statistical evaluations often create more questions than they answer. Should questions arise in your reading of this report, please contact the Commission's Executive Director at 775-687-5469 to discuss and clarify the report.

The information contained herein is a summary only. Certainly, the public records relied upon to compile this data are available upon request for review at the Commission on Ethics' office during business hours. Additionally, the Commission maintains a public website at <https://ethics.nv.gov/> on which the public may search the Commission's database of opinions, review minutes and agendas, find instructions and forms for filing requests for the Commission's opinion and access other public information. Finally, the Commission participates in the Nevada Public Notice statewide website and posts its agendas at <https://notice.nv.gov/>.

July 1, 2014

Commissioners:

As required by Nevada Administrative Code 281A.180(2), I submit for your consideration this annual report of the fiscal, legislative, regulatory and other business undertaken by and on behalf of the Commission in the past fiscal year.

The Commission's success in the 2013 Legislature enhanced the agency's ability to meet its mandate reasonably, by bringing much needed change to NRS Chapter 281A. Additionally, the Commission enjoyed several enhancements to the agency budget, importantly approving the creation of a sixth staff position - - Associate Counsel. Commissioner involvement in problem solving and policy-making enhanced the workings of the agency and its staff, and therefore its service to the people of Nevada.

While the number of requests for opinion filed with the Commission has steadily declined, the material is increasingly complex, and we have been able to forestall many potential challenges to the public trust through our outreach and education efforts. New alliances with state and local agencies and public employees, as well as with several professional associations have expanded the Commission's approachability, and it is more likely than ever to fulfill its informal preference to "teach rather than catch" public servants in our State. While these efforts may have the effect of increasing the volume of First-Party requests for opinion, the number of public requests the agency receives has receded significantly. This trend is encouraging.

As you review the information in this Annual Report, I hope you will be as proud as I am about the path the Commission has taken and the direction in which the agency is headed. Comments and questions about the content of this report are invited and appreciated.

Thank you for the opportunity to be of service these last 5 years.

Sincerely,

*Caren Cafferata-Jenkins*

Caren Cafferata-Jenkins, Esq.  
Executive Director

## I. Fiscal Matters

### **Commission Budget:**

The Nevada Commission on Ethics' (the "Commission" or "NCOE") legislatively approved budget for fiscal year 2013-14 was \$773,410 and for 2014-15 the total budget was \$760,983. Continuing for a second biennium, the Governor ordered all State employees to undertake mandatory unpaid furloughs for 48 hours each year, and maintained the freeze on salaries of State employees imposed in 2009.

While it has fluctuated from year to year, the Commission's budget has not increased dramatically since 2007 when the NCOE opened a second office in Southern Nevada. That office closed during the budget cuts of 2010-11, and has not been re-opened, nor does the Commission have plans to open a Las Vegas public access office.

For quite some time, the Commission operated with a staff of 4-5 full-time employees. But, in August 2013, the Commission added an Associate Counsel to streamline the Third-Party Request for Opinion (RFO) caseload and help to ensure due process. In addition to handling the investigatory processes and the evidentiary burdens of Third-Party RFOs, the Associate Counsel has enhanced the Commission Counsel's ability to timely publish Commission opinions and timely process First-Party Requests. What's more, the Associate Counsel has successfully negotiated several stipulated outcomes of RFOs early in the investigatory process, reducing the overall burden on the agency staff and Commissioners alike. Any such efficiencies in the use of public resources able to be achieved without diminishing the public trust are encouraged and welcomed.

Every two years, the NCOE proposes a biennial budget to the Governor for consideration to be presented to the Legislature as part of the Executive Budget. The Commission has had limited success in gaining legislative approval of requests outside of the Executive Budget; however, it regularly requests them. See **Appendix A – Summary of 2016-17 Proposed Biennial Budget for Commission on Ethics** for the budget enhancements the Commission will request for the FY 16-FY 17 biennium.

The Commission derives the majority of its funding from financial participation of Nevada's Local Governments (cities and counties). A much smaller portion is provided from the State General Fund. The number of requests for opinion the Commission receives regarding public officers or public employees in the various jurisdictions in the prior two fiscal years forms the basis for each entity's proportional contribution. In the 2011-13 biennium (FY12 & FY13), the distribution of requests was 24% State and 76% local governments. In the 2013-15 biennium (FY14 & FY15), the agency's financial support was derived 31% from the State General Fund and 69% from local government contribution. The Fiscal Year 2013 and Fiscal Year 2014 caseload forms the basis for the distribution of resources for the 2015-17 biennium, based upon the information in the chart that follows.

<b>FY 13 &amp; FY 14</b> Basis for <b>FY 16 -</b> <b>FY 17</b> State/Local share Total RFOs filed	<b>STATE</b> (State officer or employee was the subject)	<b>LOCAL</b> (Local government officer or employee was the subject)
176	<b>36</b>	<b>140</b>
	<b>21%</b>	<b>79%</b>

The Commission will present this proportion to the 2015 Legislature to be allocated to the State and local governments to participate in funding the legislatively approved budget for the 2016-17 biennium (FY16 and FY17).

The location of the Subjects of the RFOs received in the last two years may shed light on the effectiveness of the Commission's investment of time and resources in education programs and publication of reliable guidance in its opinions. Fewer RFOs concerning the conduct of the over 100,000 Nevada elected or appointed public officers and public employees were received than ever before. Only 36 State-related RFOs were received and processed in FY13 & FY14 compared to 66 in FY11 & FY12. This decline may be attributed to the increased awareness of the Ethics Laws by the public and State employees and public officers, and the Commission's efforts to reach out to these populations with that information.

However, that explanation did not apply to local governments in the same period. The number of RFOs concerning local public officers and employees rose in FY 13 & FY14 by 10 RFOs. See **Appendix B** – FY13 & FY14 Breakdown of State vs. Local Government RFOs received.

A large portion of the Commission on Ethics' work is undertaken by staff at the agency's office, in addition to that accomplished in the scheduled public meetings of the Commission itself. In fact, the Commission and its staff act upon fewer than half of the requests for opinion (RFOs) the Commission receives. The remainder are rejected, either because the conduct alleged falls outside of the body's jurisdiction (limited to chapter 281A of Nevada Revised Statutes) or the requests are submitted without the required minimal level of credible evidence to support the allegations made. In those cases, the Commission responds with a letter explaining the basis for its rejection, and, when evidence is lacking, invites the requester to re-submit the RFO with additional support.

Over a 6-year period ending June 30, 2014, the Commission received an annual average of 99 RFOs, and accepted jurisdiction over an average of 45 matters. Of those, the Commission held an average number of confidential hearings regarding the past, present or contemplated conduct of approximately 21 public officers and public employees (First-Party RFOs), while an additional average of 24 RFOs filed by members of the public were investigated and adjudicated (Third-Party RFOs).

### Historic RFO Volume and Outcomes:

<b><u>Fiscal Year/Dates</u></b>	<b><u>Total 1st Party RFOs Rec'd</u></b>	<b><u>Total 3rd Party RFOs Rec'd</u></b>	<b><u>REJECTED 3rd Pty</u></b>	<b><u>ACCEPTED 3rd Pty</u></b>

<b>FY10: 7/09-6/10</b>	25	80	53	27
<b>FY11: 7/10-6/11</b>	26	87	52	35
<b>FY12: 7/11-6/12</b>	31	72	58	16
<b>FY13: 7/12-6/13</b>	12	79	59	20
<b>FY14: 7/13-6/14</b>	13 <sup>1</sup>	70	50	20
<b>AVERAGE</b>	20	78	55	24

<sup>1</sup>The reduction in the volume of First-Party RFOs in FY 13 & FY 14 may be attributable to the Commission having published a large number of opinions in FY 12, offering guidance regarding conduct to public officers and employees and providing insight to its application of the law.

Of the Third-Party RFOs regarding which the NCOE accepted jurisdiction:

<u>Fiscal Year/Dates</u>	<u>Investigated</u>	<u>Panel Dismissed</u>	<u>Panel Forwarded to Hearing</u>	<u>3rd Pty to Hearings</u>	<u>3rd Pty Stips./Orders</u>
<b>FY09:</b> 7/08-6/09	26	12	14	10	4
<b>FY10:</b> 7/09-6/10	27	16	11	3	8
<b>FY11:</b> 7/10-6/11	35	14	21	2	19
<b>FY12:</b> 7/11-6/12	14	7	7	6	1
<b>FY13:</b> 7/12-6/13	20	11	9	0	9
<b>FY14:</b> 7/13-6/14	20 <sup>2</sup>	1	1	0	12
<b>AVERAGE</b>	24	10	11	4	9

The Commission has seen a slight decrease in the number of Third-Party RFOs accepted during this fiscal year as compared to prior years. However, the majority of these RFOs have seen increased adversarial proceedings, including legal challenges to jurisdiction, the scope and nature of investigations and legal precedent. These legal motions have increased the volume of matters requiring consideration and resolution by the Commission during related hearings. However, all Third-Party RFOs the Commission considered during this fiscal year have resulted in stipulated outcomes. This denotes the role of the Associate Counsel and the lawyering efforts of Subjects' counsel to resolve matters in a timely fashion and mitigate the strain on Commission resources. Finally, NRS 281A was amended during the 2013 Legislature to require the Commission to consider various mitigating factors in its determination of willful violations. The Commission's consideration of these factors in each cases has favored stipulated outcomes by Subjects.

<sup>2</sup> Of the 20 RFOs investigated in FY14, 8 RFOs remain pending resolution.

## Commission Opinions:

The Commission resolved its backlog of written opinions at the conclusion of this fiscal year. With the assistance of the Associate Counsel, Commission Counsel finalized all outstanding written opinions and abstract opinions in all RFOs received by the Commission in prior fiscal years.

The Commission has included as one of its forthcoming performance measures the goal of issuing all written opinions and abstracts within 60 days of any Commission hearing on an RFO.

## Sanctions Imposed:

In FY 2014, the Commission imposed \$5,500 in civil penalties. Pursuant to State law, the entirety of any financial sanctions the Commission collects is deposited into the State General Fund. The Commission also collected and deposited 3 sanctions totaling \$3,500 to the General Fund this fiscal year from civil penalties imposed in FY 2013 and FY 2014.

## II. Legislative Matters

The Commission submitted a comprehensive reform package in the 2013 Legislative Session, introduced and carried by Senator David Parks, Chairman of the Senate Committee on Government Affairs. On the final day of the 2013 legislative session at approximately 8:00 p.m., both houses passed the measure.

In the coming 2015 legislative session, the Commission hopes to fine tune several of the recent revisions. Rather than promoting new policy initiatives in 2015, the agency will focus on managing a reorganization of its staffing, authority and salary structure in addition to cleaning-up its statutes. **(See Appendix C - Agency Bill Draft Request made to Executive Branch.)**

## III. Regulatory Matters

In 2014, the Commission adopted regulations to guide the process and procedural changes required with the addition of the Associate Counsel, in addition to adopting amendments to implement 2013 statutory changes. The proposed regulations have been adopted by the Commission and await final approval from the Legislative Commission. **(See Appendix D - Agency Adopted Regulations awaiting Legislative Commission Approval.)**

## IV. Administrative Matters

### **Outreach and Education:**

In FY14, the Executive Director provided more than 36 training sessions throughout Nevada, reaching hundreds of public officers, public employees and members of the public. Presentations were made in jurisdictions such as Henderson, Las Vegas, Clark County, Reno, Carson City and Fernley. The Commission has long been a presenter in the annual training to persons serving on State Boards and Commissions organized by the Nevada Attorney General. Training also was provided at meetings and conferences of entities such as Nevada Association of Counties' and Nevada League of Cities and Municipalities' P.O.W.E.R. conference, PoolPACT, Southern Nevada Workforce Connections, University Medical Center Governing Board, the Utilities Section of the State Bar of Nevada and the Tahoe Fire Board of Trustees. The Commission continues

to offer Ethics as a portion of the coursework for the Certified Public Manager and Certified Public Officer training programs in Nevada. Thanks to the efforts of Commission Chairman Paul Lamboley, the Commission Counsel and Executive Director were invited to present a continuing legal education program on Ethics and Administrative Law at the State of Nevada Bar Association's Annual Meeting.

All in all, outreach and education regarding the Commission's substance and procedure enhance the awareness of, and compliance with, the Ethics in Government Laws and have resulted in increased public trust. These efforts assist the agency in fulfilling its core mission.

One of the more recent attempts at Ethics outreach and education has involved the training of State employees. In FY13, the Commission's training program reached nearly 500 State employees via a partnership with the Department of Employment, Training and Rehabilitation titled "The Ethics of Excellence." The Executive Director and the DETR Employee Development Manager jointly offered 17 separate 3.5 hour sessions involving approximately 25 participants each in Las Vegas, Carson City, Winnemucca, Elko and Ely. The Department Director required attendance by DETR employees at every level of employment, from top-level managers to telephone call center personnel. This program was extremely well received and continued in FY14 with 12 additional presentations. The entire DETR staff is expected to have completed the course by early 2015. The Department contemplates repeating the training every four to five years.

Five presentations were made for Gaming Control Board appointed public officers and public employees with 30 to 60 participants in each class for a total of approximately 250 participants. Presentations on Ethics made to the Department of Taxation investigators in 2011 is contemplated to be repeated in 2015. Other than those agencies mentioned herein, no State agency has reached out in this manner to inform its employees of their ethics obligations under NRS 281A.

New legislation in 2013 imposed the requirement that all new state employees be provided information about NRS 281A, and the Department of Human Resources Management implemented a procedure to have employees acknowledge receipt of ethics information either in hard copy or via electronic access. The simple awareness of the

ethics requirements is certain to deter violations and encourage employees' compliance. While the new requirement applies only to public employees of the State, many local governments recognize the value of employee training. Clark County, the City of Henderson and the City of Las Vegas all have invited and enjoyed the Commission's training not only for their public officers, but also for their staff members, and regularly fill the large auditoriums in which the presentations are offered. Other local governments regularly request training for their elected and appointed public officers.

Nevada Public Agency Insurance Pool/Public Agency Compensation Trust is working with the Executive Director to develop an animated digital training for its clients, and has offered to make that media available for use by the Commission on its website. That tool should be available for public access in early FY 15.

### **Offices:**

The Commission operates a sole statewide office in Carson City. In FY14, the Commission moved its only remaining southern Nevada staff position to Carson City, although the agency maintains a small non-public workspace in the Grant Sawyer State Office Building from which traveling staff may work, prepare meeting materials or meet with others while conducting an investigation or otherwise working in southern Nevada.

### **Documents Filed:**

Pursuant to NRS 281A.500, public officers filed 1,075 Acknowledgment of Ethical Standards forms with the Commission for calendar year 2013. The Commission received 423 such Acknowledgments for 2012, 667 for 2011 and 725 for 2010. Most public officers must file these forms at the beginning of a term of office, so the number of forms filed from year to year does not indicate a rise or fall in overall compliance. In 2014, the number of Acknowledgement is expected to rise, as the awareness of this requirement is expected, at least in State Government, due to the imposition of 2013 legislative changes requiring State employees to be provided NRS 281A when they begin State employment.

NRS 281A.410 requires certain public officers to disclose their paid representation or counseling of private persons before a state agency of the Executive branch. The Commission received 18 disclosures of agency representation for 2013 and 12 filings for 2012. For 2011, 11 such disclosures were filed, and for 2010, the Commission received

14. Again, the Commission is unable to determine whether the change in the number of filings is indicative of compliance, as it is impossible to determine how many representations requiring disclosure took place.

### **Litigation:**

The Commission had only one continuing case that was resolved in this fiscal year. *Carrigan v. Comm'n on Ethics* was remanded to the Nevada Supreme Court by the Supreme Court of the United States in 2011 with a finding that the public officer's vote did not constitute protected speech and that the overbreadth doctrine did not invalidate the abstention requirement in the Ethics in Government Law. After submitting the matter to the Nevada Supreme Court on remand upon oral argument on March 5, 2012, the Commission awaited a decision from the Nevada Supreme Court for nearly 2 years.

On November 27, 2013, the Nevada Supreme Court issued its written determination that the Ethics Law does not violate due process on the basis of vagueness. The Court also considered Carrigan's argument, raised for the first time on appeal, that the abstention provisions of NRS 281A violate constitutional rights of association. The Court rejected the association argument as a matter of law.

### **Nevada Certified Public Manager Program Participation:**

The Commission's Executive Assistant, Valerie M. Carter, was nominated and accepted as a participant of the prestigious Nevada Certified Public Manager Program (CPM Program), a state-sponsored, nationally recognized and nationally accredited leadership and management development program designed for public administrators to develop management theory and techniques in public service. After months of devoted study in various management and professional development courses, the CPM Program culminates in a Capstone Quality Improvement Project that must involve an agency-related project developed and implemented by each of the participants with a focus on improving agency efficiency and effectiveness related to its mission and result in a high organizational impact and a realized cost savings to the State.

Ms. Carter developed a Capstone Project of eliminating the existing backlog of written opinions by streamlining agency processes, including holding bi-monthly meetings rather than monthly meetings to provide staff sufficient time between meetings to address old

and new Commission business and establishing deadlines for issuing opinions after hearings. The Commission approved the Project and supported its efforts. Ms. Carter submitted her final project in October and expects to graduate from the program in the next fiscal year. To date, the goals of the Project has been successful.

## PROGRAM DESCRIPTION

The Nevada Commission on Ethics' mission is to enhance the faith and confidence of Nevadans in the integrity and impartiality of government, specifically state and local public officers and employees. The eight-member commission is tasked with numerous responsibilities, but its six-person staff focuses on four main functions: 1) interpreting and applying NRS Chapter 281A - the Ethics in Government Laws - and guiding public officers and employees on its provisions; 2) investigating and adjudicating public complaints alleging ethics violations by public officers and employees; 3) outreach and education to public officers and employees to enhance their awareness of ethics requirements and prohibitions under Nevada law; and 4) accepting and monitoring various filings required of certain public officers.

# NEVADA COMMISSION ON ETHICS

## 2015 BDR

Item #	Statute Change	Reason for Change
1	Amend NRS 281A.480(5) to provide that for safe harbor to apply, the subject must be able to prove that s/he sought specific legal advice related to the conduct, advice was given by the appropriate counsel and that subject determined that no prior commission opinion applied BEFORE taking action. <u>Also require request, date and advice to be memorialized or proven by substantial evidence.</u>	During a third-party request for opinion process, the Commission may at times determine that a public officer's or employee's past conduct violated NRS 281A, although if the subject relied in good faith on the advice of counsel and the advice was not contrary to a published Commission opinion, the violation could not be deemed "willful." Since this safe harbor provision was amended in 2013, many subjects and their attorneys have argued that the conduct was on the advice of counsel, though it was not clear whether the subject sought the advice or came by it second hand, and whether or when the attorney considered prior Commission opinions and statutes before offering the advice. Reasonable application of the "safe harbor" provisions is important, but should not be available unless both the subject and the attorney have acted within narrow circumstances and in good faith. If affidavits or other evidence are presented that attempt to manipulate the application of the intent of the safe harbor or are vague attempts to obtain safe harbor when the officer or employee knew the conduct violated ethics laws, safe harbor should not be offered.
2	Allow NCOE to accept anonymous Third-Party RFOs, so long as they contain sufficient supporting evidence. (NRS 281A.440(2)(c)) (NRS 281A.440(12))	Currently NRS 281A.440 (2)(c) prohibits the Commission from initiating an RFO based solely on an anonymous complaint. NRS 281A.440(12) prohibits the Commission from accepting an anonymous complaint from a third-party by requiring the requester to testify. The Legislature should delete NRS 281A.440(12)(b) and the language which prohibits the anonymous complaint in NRS 281A.440(2)(c). It has been the practice of the Commission to reject anonymous complaints as a matter of course; however should sufficient evidence come to its attention, such evidence should not be ignored.
3	Amend willful standards so not too restrictive. (NRS 281A.475) (NRS 281A.480(5))	NRS 281A.480(5) and NRS 281A.475 have made it nearly impossible for the Commission to find a willful violation. Change "shall" to "may" for Commission's duty to consider the factors.
4	Make materials provided to panels and panel transcripts confidential. (NRS 281A.440(8)(9) and (16))	NRS 281A.440 may need to be modified to determine when such materials become public records, if ever. Under current language, the record of the proceedings of the investigatory panel are confidential until the panel determination or waiver. The definition of "investigatory file" does not specify that (investigatory) panel materials are part of the investigatory file.
5	Amend NRS 281A.420 (3) and (4) to also discuss abstention by public <u>employees</u> .	These abstention laws, as written, are only directed to public officers. There may be instances (e.g., advisory board members who make recommendations to a governing body) where public employees may vote on agenda items or otherwise participate in decision-making actions. Therefore, these two paragraphs should be amended to include public employees.

## 2015 BDR

Item #	Statute Change	Reason for Change
6	Clarify NRS 281A.270 State and Local Government funding for Commission operations to address return of money during biennia. Our current process is not reflected in the statute, but is necessary to avoid IFC requests for 100% State funds (if needed) when unspent Local Government funds are available during a biennium.	SB 228 amended NRS 281A.270 consistent with Commission intent offered in 2011 legislative BDR solely to prevent budget reversions to local governments when the State imposed budget reductions. (In 2009/2010 the State imposed mandatory budget reductions, requiring the Commission to reimburse the local governments in proportion to the legislatively approved state/local distributions.) However, the language in SB 228 created confusion regarding reversions of excess local government funds, and the State Executive Budget Office and LCB Fiscal Division did not understand the original intent. The Commission should clarify the language to ensure that excess local government funds are reserved until after the following fiscal year in the event the Commission requests additional interim funds. (This structure will ensure proportionate distribution between the State General Fund and the Local Government shares)
7*	Amend NRS 281A.440(7)(b) and NRS 281A.550(7)(b) to allow a public officer or employee to disclose the results of an ethics opinion to certain individuals while retaining confidentiality.	After the Commission opines on a first-party opinion request, a public officer should be able to disclose the disposition of the request to an employer or agency attorney for internal use only, and still preserve the confidentiality of the opinion. Similarly, if a witness accompanies the public officer or employee to a first-party request for opinion Commission hearing, confidentiality should still be retained. NRS 281A.440(7) and NRS 281A.550(7)(b) currently deem such disclosures a waiver.

\*= Initially presented in 2013, S.B. 228

**Impacts if BDR is passed:**

1. Clarifies access to the safe harbor provision (protection from a willful violation) in NRS 281A.480(5) to require evidence that the public officer or employee acted on the advice of counsel to their body and the advice was not contrary to a published Commission opinion.
2. Allows the Commission to accept and act upon anonymous third-party complaints submitted with sufficient credible evidence. The public will no longer be reluctant to inform the Commission of questionable conduct by public officers and employees if they are not required to be publicly named and participate in the Commission's investigatory and hearing processes.
3. Changes "shall" to "may" for Commission's review of standards to determine willfulness of a violation. Staff notes that without the change it is nearly impossible for the Commission to find a willful violation and impose civil penalties.
4. Further defines materials in an "investigatory file" to clarify which materials are public records.
5. Includes public employees in abstention laws. Currently, the law only applies to public officers.
6. The Commission will be able to hold in reserve excess local government funds for one year, in the event the Commission requests additional interim funds. This will ensure proportionate distribution between the State GF and Local Government shares.
7. A public officer will be able to disclose the disposition of the Commission's confidential advisory opinion to an employer or agency attorney for internal use only, without waiving confidentiality of the opinion.

**If BDR fails to pass, what are the consequences?**

1. The "safe-harbor" provisions will remain vague allowing public officers or employees to argue that the conduct was on advice of counsel, without proof that the public officer or employee sought the advice personally in advance of the conduct and provided the attorney with relevant information. Also, counsel's informal or off-hand advice should not be used for safe-harbor unless it was communicated on the record or memorialized in some reliable way.
2. The Commission will continue its practice of rejecting anonymous complaints. Members of the public will remain reluctant to file if they are required to be publicly named and participate in the Commission's investigatory and hearing processes.
3. The required consideration of each statutory factor will continue to restrict the Commission's ability to find a willful violation and impose civil penalties.
4. Ambiguity concerning whether Investigatory panel materials are part of the investigatory file will likely result in litigation. The investigatory panel materials are confidential and not public records.
5. The abstention laws will continue to apply only to public officers. Public employees will continue to be able to act on matters that comprise a clear case where the independence of judgment of a reasonable person in the public employee's situation would be materially affected by the conflict.
6. The Commission will continue to revert excess local government funds unless the actual expenditures are less than the amount of the assessment or the budget for the Commission is modified and the local government has already remitted its payment.

7. Public officers or employees will not be able to disclose confidential ethics opinions to their employers or attorneys without waiving confidentiality of the opinion.

**Describe support for the BDR beyond the requesting agency:** None known

**Describe opposition to the BDR:** None known. The local government representatives did not oppose the concept in No. 5 in SB 283 of the 2013 Legislative Session.

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: §§1-23, NRS 281A.290.

A REGULATION relating to ethics in government; revising provisions relating to the procedures of the Commission on Ethics and the staff of the Commission; revising provisions relating to the confidentiality of certain information and documents which are used by the Commission and the staff of the Commission; revising provisions relating to the determination of a commitment in a private capacity of a public officer or employee; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law provides a code of ethical standards which prohibits a public officer or employee from using the public officer’s or employee’s position in government to secure or grant unwarranted privileges, preferences, exemptions or advantages for any person to whom the public officer or employee has a commitment in a private capacity to the interests of that person. (NRS 281A.400) Senate Bill No. 228 of the 77th Session of the Nevada Legislature revised the definition of the term “commitment in a private capacity” to include, with respect to the interests of another person, a commitment, interest or relationship of a public officer or employee to: (1) a person who is the domestic partner of the public officer or employee; and (2) a person who is related to the domestic partner of the public officer or employee, by blood, adoption, marriage or domestic partnership within the third degree of consanguinity or affinity. (NRS 281A.065) **Section 9** of this regulation revises a chart used by the Commission on Ethics to determine relationships within the third degree of consanguinity or affinity to include relationships based on domestic partnership and adoption. (NAC 281A.310)

Under existing law, the Commission is required to render an opinion interpreting the statutory ethical standards and apply the standards to a given set of facts and circumstances upon its own motion or upon receiving a request for such an opinion from certain persons and entities. Upon receipt of such a request for an opinion, the Executive Director of the Commission is required to first investigate the facts and circumstances relating to the request to determine whether there is

just and sufficient cause for the Commission to render an opinion in the matter. (NRS 281A.440) Under existing regulations, when the request for an opinion is from a person making a third-party request relating to a public officer or employee, the Executive Director must confer with the Commission Counsel to determine whether the Commission has jurisdiction concerning the request and whether the third-party request was properly filed. (NAC 281A.400, 281A.403, 281A.405) If the Executive Director and the Commission Counsel determine that the Commission has jurisdiction concerning the request and the third-party request was properly filed, the Executive Director is required to begin an investigation. If the Executive Director and the Commission Counsel determine that the Commission does not have jurisdiction concerning the request or that the third-party request was not properly filed, the Executive Director must notify the requester of that determination. The requester may appeal the determination by requesting a review of the determination by an investigatory panel appointed by the Chair of the Commission. (NAC 281A.405) **Section 13** of this regulation revises this procedure. First, **section 13** provides that the Executive Director and Commission Counsel must notify: (1) both the requester and the subject of the request if a determination is made that the Commission has jurisdiction and the request was properly filed; and (2) only the requester if a determination is made that the Commission does not have jurisdiction or that the request was not properly filed. Second, **section 13** allows a person who receives such a notification to request a review of the determination by the entire Commission instead of an investigatory panel of the Commission. Third, **section 13** prescribes a list of documents which must be provided to a person who requests such a review and provides that the Commission may, based on the findings of the Commission after conducting the review, dismiss the matter with or without prejudice or accept jurisdiction of the matter.

Existing law provides for the confidentiality of certain proceedings, information, documents and other materials related to an investigation of certain requests for an opinion of the Commission. (NRS 281A.440) Senate Bill No. 228 revised those provisions to provide that the investigative file of the Commission is confidential and generally defined the term “investigative file” to include any information obtained by the Commission during the course of an investigation and any records, documents or other materials created or maintained during the course of an investigation which relate to the public officer or employee who is the subject of the investigation. **Section 15** of this regulation revises a provision relating to the confidentiality of information relating to a third-party request for an opinion to reflect the confidentiality in statute of the investigative file. (NAC 281A.420)

Existing regulations provide that the proceedings of an investigatory panel to determine whether there is just and sufficient cause for the Commission to render an opinion on a third-party request for an opinion are closed to all persons except the parties to the third-party request for an opinion and any other person the investigatory panel deems necessary to the proceedings. (NAC 281A.425) **Section 16** of this regulation revises that provision to make such proceedings closed to all persons except the staff of the Commission.

Existing law prohibits the Commission Counsel from issuing written opinions concerning the applicability of the statutory ethical standards to a given set of facts and circumstances except as directed by the Commission. (NRS 281A.260) Existing law also provides that each opinion rendered by the Commission in response to a request for an opinion from a public officer or employee is confidential unless the public officer or employee: (1) acts in contravention of the opinion; (2) discloses the contents of the opinion; or (3) requests the Commission to disclose the contents of the opinion. (NRS 281A.440, 281A.550) Existing regulations require the Commission Counsel to prepare a written opinion for requests for an opinion that are heard by the Commission. (NAC 281A.185) **Section 23** of this regulation repeals that requirement, and **section 20** of this regulation authorizes the Commission to direct the Commission Counsel to prepare written opinions of requests for an opinion that are heard by the Commission. Existing regulations provide requirements for the contents of any written opinion of the Commission and requirements for the provision of copies of the written opinion to each person who is a party to the matter, the posting of the written opinion on the Internet website of the Commission and the delivery of a copy of the written opinion to any person who requests such a copy. (NAC 281A.550) **Section 20** authorizes the Commission to direct the Commission Counsel to prepare an abstract for a written opinion which is confidential under the applicable statute. The abstract is defined as a version of a confidential written opinion that has been redacted or amended to keep the identity of the requester of the opinion confidential. **Section 20** also revises the requirements for the posting of written opinions on the Commission's Internet website to include the posting of abstracts and to prohibit the posting of a written opinion which is confidential.

**Section 1.** NAC 281A.060 is hereby amended to read as follows:

281A.060 "Party" means the subject *or his or her counsel, any staff of the Commission who investigate a third-party request for an opinion* and any other person who the Commission reasonably determines will be treated as a party in a matter before the Commission.

**Sec. 2.** NAC 281A.075 is hereby amended to read as follows:

281A.075 "Proceedings of an investigatory panel" means ~~1.~~

~~1.—A review and determination by an investigatory panel pursuant to NAC 281A.405 as to whether the Commission has jurisdiction over a third-party request for an opinion.~~

~~—2.—~~ ~~A]~~ *a* review pursuant to NAC 281A.430 and determination by an investigatory panel as to whether there is just and sufficient cause for the Commission to render an opinion on a matter presented in a third-party request for an opinion.

~~{→}~~ For the purposes of this chapter, the proceedings of an investigatory panel do not constitute a hearing.

**Sec. 3.** NAC 281A.090 is hereby amended to read as follows:

281A.090 “Requester” means a person ~~{or group of persons}~~ who ~~{file}~~ *files* with the Commission a third-party request for an opinion.

**Sec. 4.** NAC 281A.195 is hereby amended to read as follows:

281A.195 1. If any member of the Commission participates in an ex parte communication, the member must disclose to the Commission that he or she participated in an ex parte communication.

2. If a member of the Commission discloses that he or she participated in an ex parte communication or the Commission otherwise determines that a member of the Commission participated in an ex parte communication, the Commission may require the member to abstain from participating with the Commission in any hearing or determination to be made by the Commission concerning the matter that was the subject of the ex parte communication.

3. As used in this section, “ex parte communication” means any written or oral communication between *a party or* a person who has any *interest in a* matter pending before the Commission, or any agent of such *party or* person, and a member of the Commission which:

- (a) Is communicated outside the presence of the entire Commission;
- (b) Is not communicated during a formal proceeding of the Commission; and

(c) Includes any comment, response or argument regarding any:

- (1) Ongoing investigation by the Commission; or
- (2) Matter that is pending before the Commission.
