Chair Wallin introduced the item and stated for the record that proper notice had been provided and waivers were received regarding this item. Chair Wallin further noted that Vice Chair Towler and Commissioners Moran and Yen served as members of the Review Panel and would be precluded from participating in this item pursuant to NRS 281A.220(4).

Chair Wallin asked the parties in the Complaint to introduce themselves for the record. Executive Director Armstrong appeared before the Commission. Michael J. Brock, Esq. appeared via Zoom videoconference on behalf of John Bartlett, who was not in attendance and understood that the Commission would proceed in his absence.

Executive Director Armstrong provided an overview of Ethics Complaint Case No. 23-015C regarding Mr. Bartlett and the Proposed Stipulation to resolve the matter. The terms of the Proposed Stipulation outlined that Mr. Bartlett's actions in using information he received in his public position to benefit his private and personal interests upon departure from government employment constituted a single course of conduct and resulted in two violations of the Ethics Law, implicating the provisions of NRS 281A.400(5) and (7). The parties agreed to one willful violation of NRS 281A.400(5) and one non-willful violation of NRS 281A.400(7) and a civil penalty of \$1,500 for the willful violation, the amount Mr. Bartlett received as a bonus from a client whose information he obtained through his public employment.

Commissioner Scherer noted for the record that the monetary fine in this matter is the amount by which Mr. Bartlett benefited, in addition, Mr. Bartlett paid significant amounts to the Contractor's Board and considering this information and the facts of the case, the fine is appropriate in this instance. He added further that the circumstances of this case are unique, and he wouldn't want that fine to be precedent for willful violations going forward.

Commissioner Langton made a motion to accept the terms of the Stipulation as presented by the parties to resolve Ethics Complaint Case No. 23-015C (Bartlett) and direct Chief Deputy Attorney General Ott to finalize the agreement in legal form and any matters relating thereto. The terms of the Proposed Stipulation were based on the stipulated facts that Ms. Hall used her County credit card to purchase supplies for her private business and incurred additional travel upgrade costs, the parties agreed to one non-willful violation of NRS 281A.400(2) and one non-willful violation of NRS 281A.400(7). The violations were deemed non-willful based on mitigating factors including but not limited to restitution paid, prompt correction of the violation, previous history, seriousness of the violation, and cost of investigation and proceedings. Executive Director Armstrong noted that a civil penalty in the amount of \$1,000 is imposed for the non-willful violations of NRS 281A.400(2) and 281A.400(7).

Commissioner Lowry made a motion to accept the terms of the Stipulation as presented by the parties to resolve Ethics Complaint Case Nos. 23-120C, 23-121C, 23-128C and 23-129C (Hall) and direct Commission Counsel Bassett to finalize the agreement in legal form and any matters relating thereto. 7. Review and possible adoption of a Nevada Commission on Ethics Strategic Plan.

Chair Wallin introduced the item and asked Executive Director Armstrong for his presentation.

Executive Director Armstrong referenced the Strategic Plan draft included in the meeting materials, emphasizing it was a draft and once the content was determined, the design would be incorporated in the final Strategic Plan. He went over the draft page by page and provided details on the intention of each section for the Commission, noting that the content was based on feedback received from the Commission at the April meeting. Executive Director Armstrong shared that the proposed Goals and Activities are aligned with Governor Lombardo's 3-year Policy Matrix.

Commissioner Scherer requested that Strategic Plan content be tied to the Ethics Law statute and ensure the public understands the connection and the extent of the statute and the Commission's jurisdiction.

Chair Wallin stated that including a decision matrix in the Strategic Plan will be helpful.

Commissioner Langton asked a question regarding the Commission's plan on page 3 and its alignment with the Governor's Policy Matrix and Executive Director Armstrong provided more details regarding that strategic focus item. Chair Wallin shared her interpretation of leveraging language included on page 3 of the proposed plan.

8. Review of current and proposed agency performance measures with possible action to direct the Executive Director to pursue amendments to the agency performance measures and adoption of internal metrics for tracking agency performance.

Chair Wallin introduced the item and asked Executive Director Armstrong for his presentation.

Executive Director Armstrong noted that at the April Meeting the Commission discussed changes to the agency's performance measures and referenced the proposed agency performance measures document provided in the meeting materials. He outlined that the Commission's performance measures include formal performance measures with the state as part of the budgeting process and internal performance measures reflecting the work of the Commission which help determine whether the Commission is meeting its goals. Executive Director went over the proposed performance measures, detailing each for the Commission.

Chair Wallin appreciated that the performance measures were shown as percentages as requested at the April meeting. She suggested that Executive Director Armstrong create a PowerPoint with comparison slides displaying the historical formal performance measure data to use during the budget presentation and a PowerPoint with internal performance measures to share with the Legislature. Executive Director shared his intention to include the data in the Commission's annual report.

Commissioner Yen made a motion to direct the Executive Director to pursue amendments to the Commission's performance measures and internal metrics as presented and discussed. Commissioner Lowry seconded the motion. The Motion was put to a vote and carried unanimously.

be to retain the current language. Executive Director Armstrong noted that he is awaiting return communication from Assemblywoman Anderson pertaining to her concern over anonymous complaint filings and ensuring protection for whistleblowers.

Executive Director Armstrong noted that the Associate Counsel position remains vacant, the Senior Legal Researcher position is also vacant, and he is hoping to fill those two positions as soon as possible.

ii. Budget Overview: Executive Director Armstrong acknowledged that the end of June concludes this fiscal year and stated that all work programs had been completed and final billings will be submitted within the next few weeks. He noted that in the upcoming fiscal year FY25 the Commission will have standard equipment replacements for staff computers. He provided updates on the Commission's TIN and RFI to the Commission.

iii. Upcoming Meetings: Executive Director Armstrong informed the Commission that the next meetings would be in August, October and November, specifically the August meeting is on the 21st and will be held in Reno. He noted there were a few complaint cases wherein the statutory timelines had not yet been waived and if that persists, there could be a need for an adjudicatory hearing in September. Executive Director Armstrong confirmed that he would update the Commission as the deadline gets closer.

Chair Wallin asked when the deadline was for those cases and Executive Director Armstrong responded that it is contingent on the timing of issuing determinations, but it would most likely be mid-September. Executive Director Armstrong added that he will know whether or not there will be a need for the September meeting by mid-July and would inform the Commission.

Commissioner Langton requested clarification on the RFI and Executive Director Armstrong provided the information.

Commissioner Moran shared his appreciation for OEO Harvey, and all the effort and experience in outreach and education.

Commissioner Yen acknowledged OEO Harvey for doing a great job and shared her appreciation for their hard work.

Chair Wallin echoed Commissioner Yen's comments and stated that she looked forward to seeing OEO Harvey's trust building social series and how it connects to the Strategic Plan goal in building public trust with the Commission.

Chair Wallin asked if the Commission needed to review and approve the Ethics Manual prior to publication and Executive Director Armstrong noted that there is no statutory or legal requirement for that to be done. He stated that the Ethics Manual can be provided to the Commissions for review and an opportunity to provide feedback directly to OEO Harvey only and not to each other to comply with the Open Meeting Law provisions.

Commissioner Moran moved to direct Outreach and Education Officer Harvey to take action regarding the Commission's outreach and education efforts as directed. Commissioner Lowry seconded the motion. The motion was put to a vote and carried unanimously.

Consequently the independence of judgment of a reasonable person in Commissioner Yen's situation could be materially affected by the conflict in participating and voting in this matter. To avoid any appearance of impropriety, Commissioner Yen disclosed the conflict and abstained from participating in the matter.

Chair Wallin thanked Commissioner Yen for her disclosure.

Commission Counsel Bassett informed the Commission that a Petition for Judicial Review was filed challenging the Commission's Advisory Opinion in Ethics Case No. 24-019A in the Second Judicial District Court Case No. CV24-01076. Pursuant to statute the identity of the requestor must remain confidential.
